Warnings

1. Use and handle your Vayyar Home device carefully.
2. The Vayyar Home device can break if dropped.
3. Using a power adaptor other than the one provided can cause malfunction or potentially damage the Device.
4. Opening or tampering with the Device voids the warranty.
5. Keep the device away from water. Water damage is not covered by the warranty.
6. The device will not function during a power outage.
7. The device will not transmit an alert to an emergency contact if the WiFi in your Home is not working.
8. You must follow the installation and use instructions or the device will not work.
9. Do not mount on wallpaper because the device may fall off the wall or damage the wallpaper.
10. Follow the instructions carefully before removing the device from the wall.

FCC Regulations

This device complies with part 15 of the FCC Rules. Operation is subject to the

following two conditions: (1) this Device may not cause harmful interference, and (2) this Device must accept any interference received, including interference that may cause undesired operation. Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a

Class B digital Device, pursuant to Part 15 of the FCC Rules.

These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

To maintain compliance with FCC's RF Exposure guidelines, this equipment should be installed and operated with a minimum distance of 20cm between the radiator and your body. Use only the supplied antenna.

Changes or modifications made to this equipment not expressly approved by Vayyar Imaging Ltd. may void the FCC

authorization to operate the equipment.

The device shall not be used on an airplane while airborne.

FCC ID: 2AHIS-VH02R01| Contains FCC ID: 2AHIS-V60G-HOME

For product available in the USA/Canada market, only channel 1~11 can be operated. Selection of other channels is not possible.

Pour les produits disponibles aux États-Unis / Canada du marché, seul le canal 1 à 11 peuvent être exploités. Sélection d'autres canaux n'est pas possible.

The transmitter module may not be co-located with any other transmitter or antenna.

Le module émetteur peut ne pas être coimplanté avec un autre émetteur ou antenne.

IC Regulations

Industry Canada ICES-003 Compliance : CAN ICES-3 (B)/NMB-3(B)

IC Caution: RSS-Gen Issue 4 December 2014" & "CNR-Gen 4e Décembre 2014:

- English:

This device contains licence-exempt transmitter(s)/receiver(s) that comply with Innovation, Science and Economic Development Canada's licence-exempt RSS(s). Operation is subject to the following two conditions:

(1) This device may not cause interference, and (2) This device must accept any interference, including interference that may cause undesired operation of the device.

- French:

Le présent appareil est conforme aux CNR d'Industrie Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions

suivantes:

- (1) l'appareil ne doit pas produire de brouillage, et;
- (2) l'utilisateur de l'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.

IC: 21498-VH02R01 | Contains IC: 21498-V60GHOME.

IC Radiation Exposure Statement:

This equipment complies with CRSS-102 radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 20cm between the radiator & your body.

Cet équipement est conforme aux limites d'exposition aux rayonnements. C'est établi pour un environnement non contrôlé. Cet équipement doit être installé et utilisé avec un minimum de 20 cm de distance entre la source de rayonnement et votre corps.

CE:

Compliance with 2014/53/EU Radio Equipment Directive (RED)
In accordance with Article 10.8(a) and 10.8(b) of the RED, the following table provides information on the frequency bands used and the maximum RF transmit power of the product for sale in the EU:

Frequency range (MHz)	Max. Transmit Power (dBm/mW)
2400-2483.5	Up to 100mW
60 GHz	Below 100mW

The device, the dashboard and application are not life-saving devices.

You acknowledge that: (i) the device, the dashboard and the application are designed to reduce - but not eliminate - the risk that may accompany falls by an end-user; (ii) the device, the dashboard and the application are not designed to save lives and you may not rely upon the device, the dashboard or the application to save lives; (iii) the device may only be installed and used in accordance with the installation requirements, including but not limited to height, location, and room area size; (iv) you may use the device, the dashboard and the application only (a) if an emergency contact/download the application on their smartphone and (b) in accordance with the installation and user requirements (as defined below); (v) the alert services will

not begin until you install and set up the device, the dashboard, and the application in accordance with our instructions; (vi) you must provide accurate and complete information when installing and using the device, the dashboard, and the application; and (vii) you alone are solely responsible for the accuracy and completeness of such information. You may use the device, the dashboard, and the application solely for personal, not commercial use.

This equipment should be installed and operated with minimum distance 20cm between the radiator & your body.

Hereby, Vayyar Imaging Ltd. declares that the radio equipment type Vayyar Home is in compliance with Directive 2014/53/EU
